SUMMARY

Computer Science Engineering student with hands-on experience in web application development through academic projects and internships. Familiar with Python, Java, SQL, Django, ReactJS, NodeJS, ExpressJS, MySQL, and REST APIs. Strong foundation in Data Structures and Algorithms, Object-Oriented Programming, database concepts, and full-stack application development.

EDUCATION

Ashoka Women's Engineering College, Andhra Pradesh B.Tech in Computer Science Engineering	2023 – 2027 81.35%
K.V.R Memorial Junior College, Kodumur Intermediate (MPC)	2021 – 2023 80%
ZPHS High School, Kodumur Secondary School Certificate (SSC)	2021 90%

TECHNICAL SKILLS

Programming Languages: Python, Java, SQL

Web Technologies: HTML, CSS, JavaScript, Django, ReactJS, NodeJS, ExpressJS

Database: MySQL

Core Concepts: Data Structures & Algorithms, OOP, REST APIs, Django REST Framework

Tools: GitHub, VS Code, Swagger, Postman

PROJECTS

Trip Planner Web Application *Django, Django REST Framework, MySQL, HTML, CSS, JavaScript*

- Developed a web application using Django and MySQL to display travel destinations and related details.
- Created REST APIs using Django REST Framework for managing destination data and CRUD operations.
- Used Django Templates, HTML, CSS, and JavaScript to build the application interface.
- Integrated MySQL database with Django for storing and retrieving destination information.
- Tested and documented REST APIs using Swagger.

HealthAxis – Hospital Management System *ReactJS, NodeJS, ExpressJS, MySQL*

- Developed a full-stack Hospital Management System with modules for patient management, doctor management, appointments, medical records, billing, and administration.
- Developed backend APIs using NodeJS and ExpressJS for communication between frontend and backend.
- Used MySQL for storing patient, doctor, appointment, and other application data.
- Implemented CRUD operations for managing hospital-related records.
- Integrated ReactJS frontend with backend REST APIs.

AI Capacity Forecaster *Python, Streamlit, Prophet, Pandas*

- Developed a forecasting application to predict CPU, Memory, and Disk utilization.
- Used Pandas for data processing and Prophet for time-series forecasting.
- Implemented threshold breach prediction based on forecasted resource utilization.
- Built a Streamlit interface to display forecasting results and utilization trends.

INTERNSHIP

Web Applications Intern – ROBOXA TECHNOLOGIES PVT. LTD, Hyderabad Jun 2026 – Present

- Working with Python, Django, MySQL, HTML, CSS, and JavaScript for web application development.
- Developing REST APIs using Django REST Framework for backend functionality.
- Testing and documenting APIs using Swagger and Postman.
- Performing CRUD operations and working with MySQL databases.
- Integrating frontend and backend components and debugging application issues.

Full Stack Development Intern – Thiranex (Remote) Mar 2026

- Worked on web applications including a Portfolio Website, Task Management System, E-Commerce Web Application, and Blog Platform.
- Developed frontend and backend modules using ReactJS, NodeJS, ExpressJS, and MySQL.
- Created and integrated REST APIs for communication between frontend and backend.
- Worked with MySQL for storing and retrieving application data.
- Performed debugging and testing during application development.

TRAINING

Smart Interviews – Data Structures & Algorithms Feb 2025

- Completed structured training in Data Structures, Algorithms, coding practice, and problem solving.

- Solved 100+ programming problems using Python.

CERTIFICATIONS

• Data Structures and Algorithms – Smart Interviews	2026
• Data Analytics Job Simulation – Deloitte (Forage)	Jan 2026
• GenAI Powered Data Analytics Job Simulation – Tata (Forage)	Jan 2026
• Python for Everybody – Udemy	Jan 2026
• Junior Java Developer Internship Certificate – YuvaIntern	Feb 2026
• AI Literacy – IBM SkillsBuild	Dec 2025
• Introduction to Database Systems – NPTEL	Apr 2025

ACHIEVEMENTS

-
- Achieved Global Rank **10,135** among **52,630 participants** in the Smart Coder Program.
 - Solved **100+ programming problems** on LeetCode.
